IT and Information Security Policy

Ceylon Tech Solutions (Pvt) Ltd | Colombo, Sri Lanka | Version 2025.1

1. Purpose

This policy protects the information and systems of Ceylon Tech Solutions and our customers. It applies to all employees, interns and contractors.

2. Passwords

Passwords must be at least 12 characters long and contain upper case, lower case, numbers and symbols. Passwords must be changed every 90 days and cannot be reused for the last 5 changes. Multi-factor authentication (MFA) is mandatory for email, VPN, GitHub and the cloud console.

Never share your password with anyone, including the IT team. Use the company password manager (Bitwarden) to store credentials.

3. Company Devices

Each employee receives a company laptop with disk encryption enabled. Laptops must lock automatically after 5 minutes of inactivity. Installing unlicensed software is not allowed. Lost or stolen devices must be reported to the IT Helpdesk within 2 hours.

4. Remote Access and VPN

Work from home requires the company VPN (WireGuard). Public Wi-Fi may be used only with the VPN turned on. VPN access requests are made through the IT Helpdesk and are approved by the IT Manager, Kasun Jayawardena.

5. Data Classification

Class	Examples	Rules
Public	Marketing brochures, website	Can be shared freely
Internal	Policies, org charts	Share only inside the company
Confidential	Customer data, source code, salary data	Encrypted, access on need-to-know basis
Restricted	Encryption keys, production credentials	Only IT and CTO, never sent by email

6. Backups

Production databases are backed up daily at 2:00 AM and backups are kept for 30 days. Backups are stored in a separate cloud region. A restore test is done every quarter.

7. Reporting Security Incidents

Report suspected phishing emails, malware or data leaks immediately to security@ceylontech.example or call the IT Helpdesk on extension 111. The security team responds within 1 hour. Serious incidents involving customer data are reported to the CEO within 24 hours.

Employees who violate this policy may face disciplinary action up to termination.
